

MEDICATION INFORMATION

As outlined in our Parent Handbook, Kid Country is to be aware of any medication your child is taking, no matter if this medication is administered at home or at the Center. This includes maintenance medications and antibiotics for a specific duration, along with their possible side effects and the reason for consumption. This information will only be used with your child's best interest in mind, so that Kid Country can better care for him/her on a daily basis, as well as ensure that we have the most accurate information in the unfortunate case of an emergency. As with all of your child's information, this information will remain confidential.

Child's Name: _____

My child currently takes the following medication:

_____ Prescription or Over-the-Counter
Medication Name

Reason drug is administered: _____

Time of day drug is administered: _____

This medication will be administered for _____ days OR

This is a maintenance medication and will be administered until I notify you otherwise.

Is this the first time your child has ever taken this medication? YES NO

Has your child displayed any side effects/reactions? YES NO

If yes, please explain:

My child is not currently taking any medication, but I do understand that I am required to notify Kid Country staff if my child does begin taking medication.
